R7 would like to ask other regions on the call this afternoon whether they have experience with utilizing RCRA CAMUs at their sites vs AOCs. If they have used a RCRA CAMU, what made them decide to do that as opposed to an AOC. If other regions have used a RCRA CAMU, what made them decide to do that as opposed to an AOC.

If your region can provide some feedback during the call for R7, or during a call directly to Lynn Juett (913-551-7883) that would be helpful.

Next Call – February 14, 2017
